## 2008 NMNA BOARD & OFFICERS

Your NMNA Board members for 2008 are:

- Sharon Dwight, President
- Miriam Hawthorne, Vice President
- Bruce Crist, Secretary
- Nancy Runyon, Treasurer
- Bob & Barbara Evans
- Howard Fosler
- Phil Hawthorne
- Joanne Kelly
- Robert Wemheuer

We welcome your questions. We're here to help.

Monthly meetings are held the second Monday of each month at Hilltop Park Center from 7-9PM. The public is always welcome.

---

## DAVID/PRESCOTT TRAFFIC STUDY

**Wednesday, April 9, 2008**, is the last of three meetings being lead by noted Traffic consultant, Pat Noyes, to examine problems along David and Prescott Avenues in New Monterey. Folks attending will select a list of projects to slow traffic through our neighborhood and make walking and bicycling safer.

Monterey's Neighborhood Improvement Program (NIP) is paying for the study and will pay to build projects. There is money available now for up to three projects. Everyone is invited to come and help determine which projects should be built first.

---

## SPORTS CENTER RENOVATION

From now through April or early May, the Sports Center will be in construction. The pool deck is being overlain with a nonslip surface, the pool bottoms replastered, new lane line tiles and new pool lights installed, broken gutter tiles replaced and locker rooms will get new floors, new lockers, new plumbing, retiled walls and paint. A portable locker room with showers will be available while the locker rooms are being renovated.

Call the Sports Center for specifics at 646-3700.

---

## DAVID & WAVE CONSTRUCTION

By Robert Wemheuer & Sharon Dwight

The City is repaving David Avenue & Wave Street and repairing or reconstructing sanitary sewer lines. Some sections of road will be removed & replaced; other sections will be milled and paved.

Work is scheduled Mar 5 – 21 on **Wave St**, David to Hoffman and Mar 12–May 23 **David Ave**, Lighthouse to Devisadero. **Expect detours** from time to time.

Repairs to sidewalks and gutters along David Avenue started March 12. Sewer lining and spot repair begins March 17, 2008. Sewer line work may take place at night but is not expected to create unacceptable levels of noise.

The main work begins March 24, 2008 and involves stripping existing asphalt where necessary and then repaving the entire street. Work hours are 7:00 AM to 5:00 PM daily. Parking along David Avenue will be restricted in the area where work is being done. Signs about Closure and No Parking will be in place at various locations 72 hours prior to the work in order to provide notice to residents/commuters.

Access to driveways and side streets may be restricted for several hours to allow pavement to set up before being driven over (72 hour prior notification signage will be provided for these areas). Two large billboard electric signs will be provided at each end of David to alert commuters/residents of the ongoing construction activities.

No answers regarding rerouting of trucks or buses were available at the informational meeting March 11.

The construction contractor's representative expects the entire project to be complete by the end of April 2008. Go to [www.Monterey.org/construction](http://www.Monterey.org/construction) for scheduling and updated information.
